1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

Customer of Tega Cay Water Service

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Tega Cay Water Service has let our system deteriorate to the point that we have black deposits in our toilets at the water line. They have not removed the plumbing at the old well stations nor the unsightly buildings. They have not installed needed fire hydrants in the Tara Tea area after having it requested by our Fire Dept. and City Government. They have allowed pump stations to deteriorate on Point Clear and had exposed wiring to one of their sump pumps at a lift station for a number of months. Today, August 22, they suffered another breakage in their lines on Point Clear and issued a "boil water notice". They simply have not maintained their infrastructure throughout the City and we are constantly subject to outages.

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? *
